HONDA JAZZ BICYCLE ATTACHMENT

HONDA

EXPLORE MORE

The new Jazz Bicycle Attachment is easy to fit and simple to use, allowing you to make the most of the outdoor life and explore new places to go cycling.

Like all Honda Genuine Accessories, our new Jazz Bicycle Attachment has been designed and built to the same exacting standards of safety and strength as everything we make.

SAFE AND SECURE

Safety is always our priority, so the new Jazz Bicycle Attachment has been specifically designed to minimise any effects the extra load may have on your car's safety features (e.g. Honda SENSING).

The kit includes a plug and play 13-pin wiring harness, which ensures a reliable installation and powers the lights on the bicycle carrier.

STRONG AND DURABLE

Made from tough, robust materials, it's built for a life of adventure.

Designed to handle the maximum carrying weight with ease, it prevents damage to the bodywork caused by any undue stress.

JAZZ CROSSTAR ATTACHMENT

JAZZ ATTACHMENT

SIMPLE FITTING

Mounting the bicycle carrier on your car couldn't be easier. Just insert the removable special ball joint and it can be installed as you would do on any normal trailer hitch.

The Jazz Bicycle Attachment has been solely designed for use with a bicycle carrier and is therefore not intended to be used for towing a trailer.*

* Attempting to do so may invalidate your vehicle warranties.

SPECIFICATION

- ◆ Maximum load capacity: 50kg, including the bicycle carrier
- ◆ A maximum of 4 occupants are allowed when using the bicycle carrier
- ◆ Compatible with the bicycle carriers offered by Honda
- ◆ Removable lockable ball joint
